

## Comparing lengths in cm

Here are some rather funny aliens. Can you measure them from head to toes (if they have any!) using a ruler? Under each alien write their length in centimetres.

Write the aliens' names in order from tallest to shortest:

1. \_\_\_\_\_ is \_\_\_\_\_ cm long.
2. \_\_\_\_\_ is \_\_\_\_\_ cm long.
3. \_\_\_\_\_ is \_\_\_\_\_ cm long.
4. \_\_\_\_\_ is \_\_\_\_\_ cm long.
5. \_\_\_\_\_ is \_\_\_\_\_ cm long.
6. \_\_\_\_\_ is \_\_\_\_\_ cm long.
