

INFORMATION ON HOME TO SCHOOL TRANSPORT

THANK YOU FOR YOUR SUPPORT IN GETTING SCHOOL TRANSPORT BACK ON THE ROAD! HERE ARE SOME STEPS WE CAN TAKE TOGETHER DURING THESE CHALLENGING TIMES

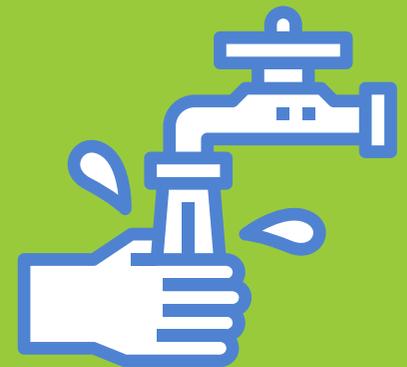

REVISED SCHOOL OPENING AND CLOSING TIMES

- If you wish to revise your opening or closing times, please consult us.
- We will work with your school's transport providers to see if this is possible – but it cannot be guaranteed.
- If transport cannot be arranged for the desired times we ask you to inform parents.

ACCESS TO HAND WASHING AND TOILET FACILITIES

- It's vital EA transport colleagues have access to toilets & handwashing facilities in schools.
- You should also assist drivers to access hot water and to store cleaning materials if needed.
- We understand there may be concerns but our staff will follow schools' protocols if they enter the building.

FACE COVERINGS

- We are encouraging the use of face coverings on all school transport if possible.
- Your support in promoting this message with parents is important.
- We intend to distribute starter packs of face coverings to pupils using home to school transport.

CRITICAL SERVICES

- We've worked hard to minimise disruption, but our priority right now must be providing transport for eligible children.
- This means some services, like requests for school crossing patrols, concessionary transport or additional services, may be affected.
- Your continued support at this time is appreciated.
